INTRODUCING airWall

MAXIMUM PLAY. MINIMUM SPACE.

THE GAME IS IN THE JUMP.

airWall™ is an interactive gaming attraction turning jumps and body movement into on-screen adventures. Designed for trampoline parks, family entertainment centers and indoor adventure parks.

NO CONTROLLERS. JUST MOVEMENT.

No touchscreens, buttons or controllers. Players simply jump and move to control the game. Just step in and play.

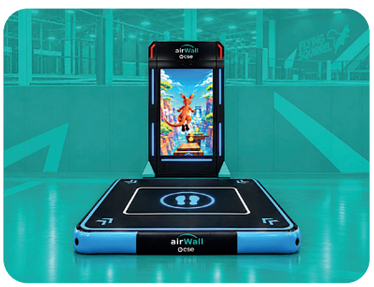

MORE PLAYERS. MORE THROUGHPUT.

Fast-paced 1–2 minute games keep players moving and help your park serve more guests throughout the day.

YOUR SPACE. MORE WAYS TO PLAY.

Use an existing or new trampoline, or place airWall with its dedicated Pad elsewhere in your venue.
